RE: Drug and/or Alcohol Test

[Date of Testing]

## NOTICE OF TEST RESULTS AND VARIOUS RIGHTS

Test Results:

**Independent School District No. 511, Adrian, Minnesota** has received the test result report from the testing laboratory:

\_\_\_\_\_ Your initial screening test result was negative.  
\_\_\_\_\_ Your confirmatory test result was negative.  
\_\_\_\_\_ Your confirmatory test result was positive.

Test Result Report:

You have the right to request and receive from the school district a copy of the test result on any drug or alcohol test.

Right to Explain Positive Test Result:

In the case of a positive test result on a confirmatory test, you have the right to explain the results. You may, within three (3) working days after notice of a positive test result on a confirmatory test, submit information to the school district, in addition to any information already submitted, to explain that result. Attached to this Notice is a document entitled "Explanation of Positive Test Result" for this purpose.

Right to Request Confirmatory Retests:

In the case of a positive test result on a confirmatory test, you have the right to request a confirmatory retest of the original sample at your own expense.

Within five (5) working days after notice of the confirmatory test result, you must notify the school district in writing of your intention to obtain a confirmatory retest.

Within three (3) working days after receipt of the notice, the school district shall notify the original testing laboratory that you have requested the laboratory to conduct the confirmatory retest or to transfer the sample to another laboratory licensed under Minn. Stat. § 181.953, Subd.1 to conduct the confirmatory retest. The original testing laboratory shall ensure that appropriate chain-of-custody procedures are followed during transfer of the sample to the other laboratory. The confirmatory retest must use the same drug or alcohol threshold detection levels as used in the original confirmatory test. If the confirmatory retest does not confirm the original positive test result, no adverse personnel action based on the original confirmatory test may be taken against you.

#### Other Rights:

In the case of a positive test result on a confirmatory test, you may have other rights provided under the sections detailed below.

#### A. Employee Discharge and Discipline

1. The school district may not discharge, discipline, discriminate against, request or require rehabilitation of an employee whose position does not require a commercial driver's license on the basis of a positive test result from an initial screening test that has not been verified by a confirmatory test.

In the case of a positive test result on a confirmatory test, the employee shall be subject to discipline which includes, but is not limited to, immediate suspension without pay and immediate discharge, pursuant to the provisions of this policy.

2. The school district may not discharge an employee whose position does not require a commercial driver's license for whom a positive test result on a confirmatory test was the first such result for the employee on a drug or alcohol test requested by the school district, unless the following conditions have been met:
  - a. The school district has first given the employee an opportunity to participate in, at the employee's own expense or pursuant to coverage under an employee benefit plan, either a drug or alcohol counseling or rehabilitation program, whichever is more appropriate, as determined by the school district after consultation with a certified chemical use counselor or a physician trained in the diagnosis and treatment of chemical dependency; and
  - b. The employee has either refused to participate in the counseling or rehabilitation program or has failed to successfully complete the program, as evidenced by withdrawal from the program before its completion or by a positive test result on a confirmatory test after completion of the program.
3. Notwithstanding paragraph 1, the school district may temporarily suspend the tested employee or transfer that employee to another position at the same rate of pay pending the outcome of the confirmatory test and, if requested, the confirmatory retest, provided the school district believes that it is reasonably necessary to protect the health or safety of the employee, co-employees or the public. An employee who has been suspended without pay must be reinstated with back pay if the outcome of the confirmatory test or requested confirmatory retest is negative.

4. The school district may not discharge, discipline, discriminate against, request, or require rehabilitation of an employee on the basis of medical history information revealed to the school district, unless the employee was under an affirmative duty to provide the information before, upon, or after hire.
5. An employee must be given access to information in the employee's personnel file relating to positive test result reports and other information acquired in the drug and alcohol testing process and conclusions drawn from and actions taken based on the reports or other acquired information.

B. Withdrawal of Applicant's Job Offer

If a job applicant for a position that does not require a commercial driver's license has received a job offer made contingent on the applicant passing drug and alcohol testing, the school district may not withdraw the offer based on a positive test result from an initial screening test that has not been verified by a confirmatory test. In the case of a positive test result on a confirmatory test, the school district may withdraw the job offer.
