

ADRIAN PUBLIC SCHOOLS

Principal Evaluation Process

In 2012 the Minnesota Legislature passed legislation requiring school districts to develop a new principal evaluation model based on specific requirements. District 511 developed this new evaluation model based on the legislation. Listed below is a summary of this model.

Principal Evaluation Components

GOAL SETTING: Each year the principal will establish a set of annual goals they plan to work toward. The goals will be based on five (5) areas of competencies and measured according to the following percentages:

- Mission/Vision 5%
- Instructional Leadership and School Performance 35%
- Human Resource Management 20%
- Professional and Ethical Relationships 20%
- Resource Management 20%
