

ADRIAN HIGH SCHOOL MEDICAL TERMINOLOGY SYLLABUS

MRS. BONNETT

Phone #: (507) 483-2232 ext. 546

Email: L.bonnett@isd511.net

Course Description:

Medical Terminology is a semester-long course, which deals with medically related terms, body systems review, and medical specialties. Medical prefixes, suffixes and roots are mastered through using audionyms and practice. This course will benefit any student interested in pursuing a career in the medical field.

Grading Policy: Grade percentages will be based on performance in tests, homework, class work and projects. Grades are based upon the Adrian High School grading scale: A= 100-91%, B = 90-83%, C = 82-74%, D = 73- 65%, F = 64-0%.

Class Grading Categories:

50% - Lesson Assessments

30% - Lesson Activities

20% - Quarter & Final Exams

Classroom Rules, Routines and Policies:

1. Show respect for everyone in the classroom.
2. Show respect for other people's property, including the school's.
3. You must be in your assigned seat and have your materials ready when the bell rings.
4. It is the student's responsibility to get caught up after an excused absence.
5. Electronic devices must be put out of reach (e.g. backpack) while in class unless I specifically give you permission to use it during class. If you are asked to hand over the device, please do so immediately. Arguing about it will only make matters worse.
6. Follow internet safety rules and teacher instructions when using chromebooks.
7. All school-wide rules and consequences will be enforced.

Communication:

Communication is very important. If you or your parents are confused or have a concern about this class, please talk to me. Miscommunication or lack of communication helps no one.
