

Independent School District #511-Adrian High School  
**PSEO Acknowledgement Form**

I acknowledge the following information has been provided to me regarding Post-Secondary Enrollment Option and that I have read it and understand the requirements for PSEO and the risks and possible consequences of withdrawing from or failing a post-secondary course.

I understand

1. that to be eligible for Post-Secondary Enrollment Option (PSEO) I must be in the upper third of the class as a junior and upper half of the class as a senior.
2. that the District does not recommend a student to enroll in a PSEO course if he/she has a GP lower than 3.0.
3. that some colleges may require the PLAN Test, ACCUPLACER or ACT before I can register for certain classes.
4. that I can elect to take PSEO courses for both college credit and high school credit. (7 quarter credits and/or 4 semester credits equal 1 high school credit)
5. that I can elect to take a PSEO course for college credit only.
6. that grades earned in PSEO courses count for both college and high school credit will apply to my high school GPA and that I will be expected to complete the course to earn high school credit. Furthermore, I understand withdrawing from a PSEO class after AHS's two-week drop period will show up as a "W" on my college transcript and that my high school transcript will have an "F" recorded on it which will, in effect, lower my high school GPA.
7. that failing or withdrawing from a PSEO course that counts for both college and high school credit may affect my ability to earn the necessary credits required to graduate from high school.
8. that PSEO grades on my high school transcript are not weighted.
9. that PSEO class taken for college credit only will not be calculated into my high school GPA.
10. that PSEO classes cannot exceed the normal class load for a school day, which is 5.71 hours per day or 28.38 hours per week.
11. that I cannot take PSEO classes during the summer.
12. that I cannot take remedial college level classes under PSEO.
